<p><u>Reason(s) for Non Attendance</u> Missed the details of the meeting in email, until it was too late to attend</p>
--

<p><u>Report including subjects covered during the year (please continue on separate sheet if necessary). Key bullet points will be sufficient</u></p> <ul style="list-style-type: none"> - Part of the negotiations with Little Scholars Community Nursery, culminating in them ceasing their tenancy with the centre, and helping in discussions of the types of hirers that we could replace them with - Recruitment of two new members of staff - Increasing the centre's social media presence - Claiming government grants to keep the centre going - Various repair work to the building during the lockdowns and quiet periods - Signing up new hirers for regular slots, as we come out of Covid
--

Please reference how the activities link into the three Corporate Plan Priorities

Community Regeneration – the centre prioritises serving the local residents above all else. The nursery provision was for the community, and the plan is to replace it with another community nursery or day sessions for mother & toddler groups or parent support (the previous tenant left the centre on 31/01/2022); repair work is to make the centre fit-for-purpose for the short and long-term future

Environment and Health & Wellbeing – repairs are made with an eye to ecologically-friendly schemes; new hirers include sport and leisure activities

Please indicate any upcoming decisions which would impact on East Staffordshire Borough Council

Ongoing repairs are approved by ESBC, and there are some issues with the heating system which are currently in the system
