#### 16/19 **URGENT BUSINESS**

The Chairman advised he had received an email from Councillor H Hall as follows:

“Some of my residents received letters in August, telling them that they would no longer be patients at Trent Meadows Medical Practice. The patient who contacted me has been with them for 30 years. They say this is partly due to 3000 houses being built in the Branston area. There are no practices to cover this area, so NHS England has allocated those new patients to existing practices. Trent Meadows have subsequently made the decision to remove patients who are not in catchment. Could the committee consider whether anything can be learned from the planning decisions over the Branston Leas development, with regards to the provision of health services? Could they also consider what can be done to help the affected surgeries and patients?”

He advised the Committee that he considered that this item was not urgent and would not be considered at this meeting. In accordance with the Rule 12, the Chairman referred the matter to the Committee.
