### **2011 Census First Release: Population and Household Estimates for East Staffordshire's Wards**

On 23<sup>rd</sup> November 2012 the ONS published the 2011 Census: population and household estimates for Wards and Output Areas in England and Wales. The findings from Table 1 below show:

- The 113,583 residents of East Staffordshire are spread across 21 wards of varying size ranging from the smallest ward Weaver with 2,052 residents to the largest ward Horninglow with 8,751 residents.
- There are 47,251 households with at least one usual resident which again range in size from just 900 households in Weaver ward to 3,673 in Horninglow.
- The geographical size of the wards vary considerably. East Staffordshire covers an area of just under 38,700 hectares. The smallest ward in terms of land size is Anglesey at just 145 hectares. The largest is Abbey at 7,129 hectares.
- This variation leads to considerable differences in the population density at ward level. On average there are 2.9 persons per hectare across East Staffordshire, which because of the rural nature of much of the Borough, is below county, regional and national figures. Two very rural wards, Abbey and Bagots, are the most sparsely populated at 0.4 persons per hectare. Horninglow, in the Burton upon Trent area, is the most densely populated ward with 48.3 persons per hectare.
- The average household size in the Borough is 2.4 people, which is on a par with the national and regional averages and just above the county figure of 2.3. This average household size varies across East Staffordshire from 2.0 in Burton ward to 2.6 in Anglesey.

**Table 1: 2011 Census: Population & Household Estimates – Ward Level**

	All Usual Residents*	Household Residents	Communal Establishment Residents	Hectares Area	Population Density - Persons per Hectare	Households with at Least One Usual Resident	Average Household Size
England	53,012,456	52,059,931	952,525	13,027,843	4.1	22,063,368	2.4
West Midlands	5,601,847	5,509,535	92,312	1,299,832	4.3	2,294,909	2.4
Staffordshire	848,489	832,952	15,537	262,028	3.2	355,263	2.3
East Staffordshire	113,583	111,488	2,095	38,696	2.9	47,251	2.4
Abbey	2,865	2,814	51	7,129	0.4	1,112	2.5
Anglesey	6,809	6,767	42	145	47	2,637	2.6

Rolleston on Dove	3,267	3,267	0	655	5	1,433	2.3
Shobnall	7,061	7,006	55	304	23.2	2,931	2.4
Stapenhill	7,977	7,929	48	183	43.5	3,636	2.2
Stretton	7,849	7,817	32	375	20.9	3,285	2.4
Town	6,891	6,742	149	967	7.1	2,942	2.3
Tutbury & Outwoods	5,897	5,871	26	2,427	2.4	2,518	2.3
Weaver	2,052	2,048	4	3,975	0.5	900	2.3
Winshill	8,466	8,327	139	236	35.9	3,430	2.4
Yoxall	2,621	2,571	50	3,934	0.7	1,079	2.4

\*For 2011 Census purposes, a usual resident of the UK is anyone who, on census day, was in the UK and had stayed or intended to stay in the UK for a period of 12 months or more, or had a permanent UK address and was outside the UK and intended to be outside the UK for less than 12 months.

**Figure 1: Usual Residents – Actual Numbers - 2011**

Table 2 below shows:

- In the 10 years between the 2001 Census and the 2011 Census the population of East Staffordshire increased by 9.5%.
- This growth was not evenly spread across all of the Borough's 21 wards and in fact Weaver saw a fall in its population of -1.8% during this time.
- Along with Weaver ward, Stapenhill, Stretton, Heath, Branston, Needwood, Rolleston on Dove, Winshill, Abbey, Yoxall, Brizlincote and Bagots all saw a slower growth in their total population compared with the Borough average.
- Burton ward witnessed the most rapid growth during this 10 year period and increased in size by 65.5%. Crown ward also saw a very fast growth of over a third. HM Dovegate, a prison which can accommodate over 1,000 males opened in July 2001. It would not have been included in the 2001 Census count and can therefore help explain the rapid growth in Crown ward during this time.
- Along with Burton and Crown wards, Churnet, Anglesey, Town, Eton Park, Shobnall, Tutbury & Outwoods and Horninglow all saw a growth rate in their total population above the Borough average.

**Table 2: Resident Population Change Across East Staffordshire's Wards Between 2001 and 2011**

	All Usual Residents 2011 Census	2001 Census	Change Between 2001 and 2011 (numbers)	% Change Between 2001 and 2011
Abbey	2,865	2,722	143	5.3
Anglesey	6,809	5,835	974	16.7
Bagots	2,638	2,468	170	6.9
Branston	7,231	7,040	191	2.7
Brizlincote	5,385	5,087	298	5.9
Burton	3,521	2,127	1,394	65.5
Churnet	2,920	2,462	458	18.6
Crown	3,389	2,532	857	33.8
Eton Park	6,202	5,378	824	15.3
Heath	6,198	6,049	149	2.5
Horninglow	8,751	7,828	923	11.8
Needwood	5,593	5,386	207	3.8
Rolleston on Dove	3,267	3,134	133	4.2

Weaver	2,052	2,090	-38	-1.8
Winshill	8,466	8,115	351	4.3
Yoxall	2,621	2,490	131	5.3
East Staffordshire	113,583	103,770	9,830	9.5

## East Staffordshire – Resident Population by Age

The ward level statistics on the usual resident population are broken down by gender and age bands in the tables below. Table 3 looks at the number of residents by age groups – these groups have been divided to show:

- Young people – typically classed as those under 25
- Those over 25 but below pensionable age (25 to 64)
- Pensionable Age – residents aged 65 and over
- Elderly Residents – those aged 80 and over

**Table 3: Resident Population by Age – 2011 (Actual Numbers)**

	<b>Under 25</b>	<b>25 to 64</b>	<b>65+</b>	<b>80+</b>	<b>All Ages</b>
East Staffordshire	34,158	60,294	19,131	5,049	113,583
Abbey	742	1,581	542	146	2,865
Anglesey	2,588	3,589	632	142	6,809
Bagots	687	1,369	582	106	2,638
Branston	2,103	4,054	1,074	248	7,231
Brizlincote	1,471	3,016	898	223	5,385
Burton	1,088	2,052	381	102	3,521
Churnet	927	1,469	524	115	2,920
Crown	737	2,037	615	162	3,389
Eton Park	2,316	3,265	621	148	6,202
Heath	1,905	3,227	1,066	288	6,198
Horninglow	2,799	4,466	1,486	473	8,751
Needwood	1,432	2,941	1,220	332	5,593
Rolleston on Dove	752	1,654	861	195	3,267
Shobnall	2,491	3,698	872	269	7,061
Stapenhill	2,424	4,200	1,353	400	7,977
Stretton	2,214	4,141	1,494	379	7,849
Town	2,082	3,672	1,137	354	6,891
Tutbury and Outwoods	1,553	3,085	1,259	291	5,897
Weaver	501	1,111	440	103	2,052
Winshill	2,702	4,326	1,438	398	8,466
Yoxall	644	1,341	636	175	2,621

Table 4 shows the Borough's residents by the same age groups but in percentage terms. The 2011 Census findings show:

- Under 25's account for 30.1% of all residents across the Borough, however, this figure varies considerably at ward level from 21.7% in Crown ward to 38.0% in Anglesey.
- 53.1% of Borough residents are aged 25 to 64 – again this varies at ward level from 50.3% in Churnet ward to 60.1% in Crown ward.
- Those of pensionable age account for 16.8% of East Staffordshire residents but just 9.3% of those living in Anglesey. In contrast pensioners account for 26.4% of Rolleston on Dove residents.
- 4.4% of Borough residents are aged 80 or over. Once again there is considerable variation at ward level with these elderly residents forming 6.7% of Yoxall's population but just 2.1% of those living in Anglesey.

**Table 4: Resident Population by Age Shown as a Percentage of All Ages – 2011**

	<b>Under 25</b>	<b>25 to 64</b>	<b>65+</b>	<b>80+</b>
East Staffordshire	30.1	53.1	16.8	4.4
Abbey	25.9	55.2	18.9	5.1
Anglesey	38.0	52.7	9.3	2.1
Bagots	26.0	51.9	22.1	4.0
Branston	29.1	56.1	14.9	3.4
Brizlincote	27.3	56.0	16.7	4.1
Burton	30.9	58.3	10.8	2.9
Churnet	31.7	50.3	17.9	3.9
Crown	21.7	60.1	18.1	4.8
Eton Park	37.3	52.6	10.0	2.4
Heath	30.7	52.1	17.2	4.6
Horninglow	32.0	51.0	17.0	5.4
Needwood	25.6	52.6	21.8	5.9
Rolleston on Dove	23.0	50.6	26.4	6.0
Shobnall	35.3	52.4	12.3	3.8
Stapenhill	30.4	52.7	17.0	5.0
Stretton	28.2	52.8	19.0	4.8
Town	30.2	53.3	16.5	5.1
Tutbury and Outwoods	26.3	52.3	21.3	4.9
Weaver	24.4	54.1	21.4	5.0
Winshill	31.9	51.1	17.0	4.7
Yoxall	24.6	51.2	24.3	6.7

Comparing these particular age groups in 2001 with the 2011 findings Table 5 shows:

- There has been an increase in all age groups across the Borough but the pensionable and elderly age groups have grown at a much faster pace in this 10 year period.
- However, this has not been true across all wards and some have seen a fall in the number of residents of pensionable age and the elderly. Anglesey witnessed a -38.5% fall in the number of residents aged 80 and over and a fall of -15.3% in those of pensionable age. Eton Park also saw a large fall in both these age groups and Shobnall and Stapenhill have seen a small reduction in the number of residents of pensionable age. Burton ward witnessed a fall in the number of elderly residents aged 80 and over.
- In contrast Needwood has seen a very large increase (65.2%) in the number of residents aged 80 and over and many other wards for example, Rolleston on Dove, Brizlincote and Branston, have also seen very large increases, of almost 60%, in this age group during the inter censal period.
- The under 25's increased by 7.2% overall across the Borough but again wide variations were seen at a local level. The growth was very rapid in Burton ward (55.4%) and was also well above the Borough average in Eton Park, Churnet, Anglesey, Crown, Horninglow, Town, Tutbury & Outwoods and Shobnall.
- In contrast Weaver, Stapenhill, Abbey, Stretton, Rolleston on Dove, Heath, Brizlincote and Needwood all saw a reduction in their young residents.
- Those aged 25 to 64 increased by 8.4% across the Borough but there was once again considerable variation at ward level. Burton witnessed a very rapid growth of 89.0% in this age bracket during the 10 years and Crown also saw a growth of 44.5%. Anglesey, Shobnall, Eton Park, Town, Churnet and Horninglow all had growth rates well above the Borough average for this group.
- In contrast, Stretton, Yoxall, Bagots, Weaver, Rolleston on Dove, Needwood and Branston all saw a reduction in their number of residents aged 25 to 64.

**Table 5: Percentage Change in Age Groups Between 2001 and 2011**

	<b>Under 25</b>	<b>25 to 64</b>	<b>65+</b>	<b>80+</b>	<b>All Ages</b>
East Staffordshire	7.2	8.4	17.2	27.5	9.5
Abbey	-3.9	3.5	27.8	35.2	5.3
Anglesey	17.3	25.1	-15.3	-38.5	16.7
Bagots	5.2	-4.1	48.5	34.2	6.9
Branston	4.0	-2.5	25.8	58.0	2.7
Brizlincote	-1.4	2.4	41.0	59.3	5.9
Burton	55.4	89.0	10.4	-4.7	65.5
Churnet	18.4	13.2	34.0	35.3	18.6
Crown	16.6	44.5	29.2	13.3	33.8
Eton Park	19.4	18.3	-10.0	-15.4	15.3
Heath	-3.1	3.1	12.9	38.5	2.5
Horninglow	16.4	13.1	2.2	21.3	11.8
Needwood	-0.1	-3.3	34.4	65.2	3.8
Rolleston on Dove	-3.1	-3.4	32.9	59.8	4.2
Shobnall	10.5	23.9	-1.8	5.9	15.2
Stapenhill	-4.5	4.9	-1.0	20.5	1.0
Stretton	-3.3	-5.2	34.7	57.9	1.1
Town	14.1	13.3	29.2	57.3	15.3
Tutbury and Outwoods	13.8	4.5	31.6	44.1	12.1
Weaver	-11.0	-3.8	19.2	32.1	-1.8
Winshill	2.9	4.3	8.0	19.9	4.3
Yoxall	3.2	-5.0	42.3	71.6	5.3

The age groups in the tables above have been used to look at particular groups such as 'young people' 'retirement age residents' and 'elderly residents'. The category 'Working Age' has not been shown because the statistics for those aged 16 to 64 are not available at present.

## East Staffordshire's Wards – Resident Population by 5 Year Age Bands

Table 6 shows the resident population of East Staffordshire's wards by broad age groups (5 year bands) in terms of actual numbers and Table 7 below this shows the proportion (%) of each age group living within the individual wards.

<b>Table 6: Number of Residents by 5 Year Age Bands and Ward - 2011</b>										
	<b>All ages</b>	<b>0 – 4</b>	<b>5 – 9</b>	<b>10 – 14</b>	<b>15 – 19</b>	<b>20 – 24</b>	<b>25 – 29</b>	<b>30 – 34</b>	<b>35 – 39</b>	<b>40 – 44</b>

Weaver	139	159	138	191	147	118	72	60	32	11
Winshill	615	536	481	542	446	340	254	220	116	62
Yoxall	238	208	190	215	204	143	114	84	59	32
East Staffordshire	8,838	7,780	6,630	6,995	5,740	4,629	3,713	2,729	1,554	766

Table 7 shows the proportion of each age group living within the individual wards and can be used to see where certain age groups are mainly located across the Borough. For example, it shows:

- 9.7% of the Borough's under 5's live in Anglesey and a further 9.3% live in Shobnall. In fact over half (51.1%) of all young children under the age of 5 live within just six of East Staffordshire's 21 wards – Anglesey, Shobnall, Horninglow, Eton Park, Winshill and Stapenhill.
- 8.1% of the Borough's eldest age group – those aged 90 and over, live in Winshill. A further 8.0% live in Horninglow and again 8.0% live in Town. These three wards account for almost a quarter (24.0%) of the Borough's oldest residents. Over half (51.4%) of the very oldest residents live within just seven of East Staffordshire's 21 wards – Winshill, Horninglow, Town, Stapenhill, Stretton, Heath and Needwood.

**Table 7: Percentage of Residents by 5 Year Age Bands and Ward - 2011**

	All ages	0 – 4	5 – 9	10 – 14	15 – 19	20 – 24	25 – 29	30 – 34	35 – 39	40 – 44

## East Staffordshire – Resident Population by Gender

The population of East Staffordshire in 2011 is almost equally split by gender, with 49.6% of residents being male compared to 50.4% female. The gender gap is closing – in 2001 females outnumbered males with 51.3% female compared to 48.7% male. This has been due to a faster growth in the number of males – an increase of 11.5% between 2001 and 2011 compared to a 7.5% increase in the number of females.

**Table 8: Resident Population by Gender – 2011 Census v 2001 Census**

<b>Gender</b>	<b>2011 Census</b>	<b>2001 Census</b>	<b>% Change between 2001 &amp; 2011</b>
All people	113,600	103,770	9.5%
Males	56,400	50,582	11.5%
Females	57,200	53,188	7.5%

Once again there is some variation at ward level. Most notably Crown ward, where males account for 61.3% of the ward population and females just 38.7%. This will be largely due to the location of HM Dovegate at Marchington, within Crown ward, a prison which can accommodate over 1,000 males (860 in the main prison and 200 in the Therapeutic Community). HM Dovegate opened in July 2001 i.e. it would not have been included in the 2001 Census count. Along with Crown ward, Burton, Anglesey, Abbey, Churnet, Shobnall and Town all have a higher percentage of male residents compared to the Borough average.

**Table 9: Resident Population by Gender and Ward – 2011 Census**

	<b>All Residents</b>	<b>Males</b>	<b>Females</b>	<b>% Male</b>	<b>% Female</b>
Abbey	2,865	1,441	1,424	50.3	49.7
Anglesey	6,809	3,529	3,280	51.8	48.2
Bagots	2,638	1,287	1,351	48.8	51.2

East Staffordshire	113,583	56,385	57,198	49.6	50.4

## East Staffordshire – Number of Households

On Census day East Staffordshire had 47,251 households with a least one usual resident. This is an increase of around 4,500 on the 2001 Census figure of 42,717 households with residents and represents a 10.6% increase. The latest 2011 Census findings show:

- The largest wards in terms of the number of households are Horninglow, Stapenhill, Winshill, Stretton and Branston – all with 3,000 or more households each.
- The smallest wards in terms of the number of households are Weaver, Crown, Yoxall, Bagots, Abbey and Churnet.
- The fastest growth in the number of households in percentage terms has been seen in Burton ward, with a considerable increase of 60.5% between 2001 and 2011. Shobnall, Churnet, Town and Anglesey have all seen increases of above 15% during this time.
- The fastest growth in the number of households (actual numbers) has been seen in Burton, Shobnall, Town, Anglesey and Horninglow.
- The slowest growth in the number of households (actual numbers) has been seen in Weaver, Crown, Branston, Yoxall, Heath and Rolleston on Dove – all with less than 100 additional households each.
- The slowest growth in the number of households in percentage terms has been seen in Branston, Heath, Weaver, Crown and Winshill – all with less than 5% growth.

Winshill	3,430	3,274	156	4.8
Yoxall	1,079	1,013	66	6.5

## **Key points from this release include:**

- The population of England and Wales grew by 7.1% between 2001 and 2011. This was the largest growth in the population in England and Wales in any 10-year period since census taking began, in 1801.
- East Staffordshire saw a 9.5% increase during this period, above the national average. This is the highest population growth rate of all the Staffordshire districts and represents an increase of more than 9,800 residents.
- This growth was not evenly spread across all of East Staffordshire's 21 wards. Weaver ward saw a -1.8% fall in its population during the 10 year period and in contrast Burton ward increased by 65.5%.
- East Staffordshire is home to 113,583 residents and covers an area of around 38,700 hectares giving a population density of 2.9 persons per hectare. This varies at ward level from 0.4 persons in Abbey and Bagots to 48.3 persons per hectare in Horninglow.
- On Census day East Staffordshire had 47,251 households with a least one resident. This is a 10.6% increase on the 2001 figure, representing an additional 4,500 households.
- As with population growth, the growth in the number of households varies considerable at ward level. Burton ward witnessed the fastest growth between 2001 and 2011 – an increase of 60.5%. Branston ward, which experienced significant house building in the period between the 1991 and 2001 Census counts, had the slowest growth in terms of the number of households in the 10 years between 2001 and 2011, with an increase of just 2.2%.
- The percentage of the population aged 65 and over was the highest seen in any census at 16.4 per cent across England and Wales - one in six people was of retirement age. The percentage of the population in East Staffordshire aged 65 and over is just above this at 17.2% - which represents around 19,100 residents. In line with this the population of East Staffordshire's wards is generally ageing. However, there are exceptions to this and Anglesey, Eton Park, Shobnall and Stapenhill all saw a fall in their number of residents of retirement age between 2001 and 2011.
- Across East Staffordshire there were nearly 800 elderly residents aged 90 and over on Census day.
- In 2011, there were 7,000 children under five in the Borough. Over half of these live within just six of East Staffordshire's 21 wards.

## **Output Areas and Super Output Areas**

Output Areas (OAs) are the smallest geographic unit for which the ONS publish Census statistics. They were introduced for the 2001 Census to provide a stable small area geography because other geographies, such as ward boundaries, can change over time. To ensure the confidentiality of data they were designed to have at least 40 resident households and 100 resident people, but the recommended size was larger at 125 households.

OAs are used as the building blocks that are aggregated to form all higher geographical areas for which statistics are produced. Super Output Areas (SOAs) were introduced in 2004. There are two layers of SOA - Middle Layer Super Output Areas (MSOAs) and Lower Layer Super Output Areas (LSOAs) - each built up from groups of Output Areas and each layer nesting inside the layer above. There are now 34,753 LSOAs and 7,201 MSOAs in England and Wales. East Staffordshire is made up of 361 OAs, 72 LSOAs and 15 MSOAs.

The statistics from the tables in this report are also available for OAs and SOAs on request or from the Office for National Statistics website.

More detailed reports will be produced as further 2011 Census figures are released.
